

# Lesson 2 Homework Practice

## Volume of Cones

Determine the volume of each cone. Round to the nearest tenth.

9. height: 26.8 centimeters; radius: 12 centimeters

10. height: 34 feet; diameter: 9.8 feet

Determine the area of the base of each cone.

11. volume: 36 cubic inches; height: 9 inches

12. volume: 238 cubic centimeters; height: 74 centimeters
